### **DIRECTORS' REPORT**

### TO THE MEMBERS OF ICAI ACCOUNTING RESEARCH FOUNDATION

The Directors have pleasure in presenting the Nineteenth Annual Report of the ICAI Accounting Research Foundation (ICAI ARF), together with the Audited Balance-Sheet, Statement of Profit and Loss Account and Cash Flow Statement for the Financial Year ended 31st March 2019.

ICAI ARF was established in January, 1999 by the Institute of Chartered Accountants of India, as a Section 25 company (now section 8 Company) and a core research body to promote research in the areas of accounting, auditing, capital markets, fiscal policies, monetary policies and other related disciplines. ICAI ARF believes that proper research inputs are necessary condition for raising the level of corporate governance, management, accounting and financial reporting. High quality research projects based on practical experience with theoretical extrapolations would also provide valuable inputs in formulation of policies and implementation thereof at macro and micro levels.

### **PERFORMANCE HIGHLIGHTS:**

ICAI ARF has completed another successful year, 2018-19, in establishing it as a core research body in the areas of Accounting, Auditing, Fiscal Laws and Policy, Corporate and Economic Laws and Policies, Economics, Financial Management, Financial Services, Capital and Money Markets and other related disciplines.

Recognizing the impetus required for promoting quality research in the country, the Board has adopted and pursued a multi-pronged action plan to support research projects of contemporary national and international significance in the areas related to accountancy profession. ICAI ARF has extended an open invitation to undertake research to various institutions, research bodies, research scholars and the practitioners.

New value added projects will continue to be the fundamental part of subsistence of ICAI ARF. Accordingly, ICAI ARF reaffirms its commitment to continue undertaking the research projects that would add value and help in spreading, promoting and advancement of various disciplines in the fields of accountancy, auditing, fiscal laws and policy, corporate and economic laws and policies, economics, financial management, financial services, capital and money markets, management information and control systems and other allied fields.

### **RESEARCH PROJECTS:**

The main objective of the establishment of ICAI ARF is to undertake, conduct, foster, promote and provide aid and facilities for prosecuting core, fundamental, empirical, applied and other kinds of research work, projects and studies. The research work undertaken by ICAI ARF has been divided amongst two branches of research, viz., (1) Basic Research, and (2) Applied Research.

A status update of major research projects completed during the year and presently undertaken/implemented under basic and applied research is outlined hereunder along with particulars of proposals that are under consideration:

#### 1. BASIC RESEARCH:

Basic research is designed to add to an organized body of scientific knowledge and does not necessarily produce results of immediate practical value. It is concerned with formulation of a theory or a contribution to theory. The ICAI ARF involves in carrying out basic research projects pertaining to subjects requiring enquiring into problems and issues significant to accounting and auditing and allied disciplines such as economics, finance and business laws through outsourcing research projects by inviting applications from research bodies/scholars and providing them financial assistance.

#### 2. APPLIED RESEARCH:

Applied Research is directed towards the solution of immediate specific and practical problems. It is performed in relation to actual problems and under the conditions in which they are found in practice. The applied research requires systematic study to gain knowledge or understanding necessary to determine the means by which a recognized and specific need may be met.

In view of the above, ICAI ARF has, in past, undertaken research projects related to conversion of accounts from cash basis to accrual system of Accounting of Municipal Corporation of Delhi (MCD), Kolkata Municipal Corporation (KMC), Controller General of Accounts (CGA) and Department of Posts (DoP), All India Institute of Medical Sciences (AIIMS), Kerala State Insurance Department (KSID), Employees' Provident Fund Organisation (EPFO), Indian Railways (IR), etc. involving conceptualizing a new accounting system including the incorporation of methodologies and procedures not common in India.
